

WILL EXTEND TO MALAD CITY

Important Short Line Branch
From Corinne to Be Built.

HARD BLOW FOR SCALPERS

COURT HOLDS TICKETS ARE CONTRACT NOT TO BE VIOLATED.

Vice Presidents W. D. Cornish and W. H. Bancroft of the Oregon Short Line returned last evening from a trip up the road. These trips are generally accepted as significant of the changes to be made by the Southern Pacific and the Short Line north and west of Corinne. One of these is the extension of the line through Malad valley, a probability to which attention was called in this department of The Herald several days ago.

This line will be extended north from Corinne and will open up a rich agricultural and grazing territory. Plans for the extension have been under consideration for a year but it is not until recently that they have assumed definite shape. Several other feeders in that territory are also to be commenced in the spring if the question of right of way can be successfully maintained. This is one of the stumbling blocks which has stood in the way of these improvements, notwithstanding the fact that the proposed lines are already forcing upon the officials changes in the traffic arrangements. The new line between Corinne and Brigham City is to be hurried to completion, and as soon as finished the Short Line tracks will be used by the Southern Pacific to Ogden. The entire line between Ogden and Lucin will be abandoned when the new cut-off is completed. Arrangements for these changes are being made now.

A meeting of representatives of the Short Line, the Oregon Railway & Navigation company and of the Union Pacific was held yesterday in the office of Traffic Manager T. M. Schuler. Among the representatives of the other roads present were: J. B. Miller, general freight agent; J. B. Livingston, freight auditor of the Navigation company; and W. H. Hancock, freight claim agent of the Union Pacific. While the discussions yesterday were relative to the correction of incongruities in the matter of rates and facilities in the freight traffic department and the adjustment and equalization of rates, matters with reference to the new conditions also received attention.

THROTTLES THE SCALPERS.

Court Holds That Grand Army Tickets Are Contracts.

Washington, Oct. 13.—A decision of sweeping importance to ticket scalpers and the railroad passenger business generally was delivered today by Justice Hagner of the equity court of the district of Columbia, who permanently enjoined thirty-three of the local ticket brokers from selling Grand Army special excursion tickets issued by the Pennsylvania, Southern, Baltimore & Ohio and Chesapeake & Ohio railroads. The defense made the case was that they were pursuing a legal licensed brokerage business, and that the railroads in combining in the establishment of a joint ticket agency here during the encampment for the raising of return tickets, etc., violated the Sherman anti-trust law. The court held that the tickets sold by the roads on account of the Grand Army encampment were contracts signed by the purchasers in the presence of a witness and were, absolutely void when used by any other than the original purchaser. The tickets distinctly read that any one except the original purchaser attempting to use them would be subject to prosecution for forgery. The contract signed by the original purchaser is absolute, according to the court, and any violation of it constitutes fraud, on which the suit at bar is founded. The court declared that the contents of the complaining roads were tenable.

As to the claim of the defendants that the roads violate the anti-trust law, the court held that the joint ticket agency could not be considered in that light, as the agency had nothing to do with the fixing of rates. Further, the defendants had shown that they were violating the law and could not press as a defense the violation of a law by another party.

DELAY AT THE SHOPS.

Details Are Causing Unexpected Delay and Retarding Completion.

It has been expected that the new shops of the Oregon Short Line at Pocatello would be ready about the first or middle of October, but it is doubtful if they will be ready by the first of next month.

The work is being hurried, and additional men are engaged on this part of the work, but progress seems slow. Some time will be lost getting accustomed to the new order of things. The work is very satisfactory, and the company will have one of the finest shops in the country.

President Baer Re-elected.

Philadelphia, Oct. 12.—The annual meeting of the stockholders of the Philadelphia & Reading Railroad company was held here today. The annual report was submitted and unanimously adopted. President Baer and the old board of directors were re-elected. The meeting was presided over by Mr. Baer.

The September meeting of the Trans-Missouri association of the rate on butter, oleomargarine, dairy products and dressed poultry was advanced to 140 per hundred. The Santa Fe announced that the rate will be reduced to 117 1/2 cents on the 26th of the month.

PRICE OF A BERTH.

Castano Fined \$3 For Trying to Steal Ride in a Pullman.

George Castano, who on Sunday was arrested for attempting to steal a ride in a Pullman car on the Rio Grande road, appeared in the police court yesterday afternoon. He was charged with riding and sleeping on a berth of the railroad company, and entered an indignant denial to the latter charge.

"I never slept a wink on the train, your honor," he said. "The porter had me the berth up and I was too busy watching the 'con' to sleep in the seats."

A WORD TO FARM TOILERS

PAINE'S CELERY

POPPED.

The Home Friend of the Farmer and His Family in the Autumn Season.

After the labors and toils of the summer time, and harvesting of crops in the early autumn, many of our farmers, their wives, daughters and sons find themselves in a condition of health demanding careful attention if suffering is to be avoided later. Many experience kidney trouble in some form; with some the liver is torpid; there is biliousness, nausea and vomiting, with loss of appetite and depression of spirits. Thousands who have been exposed to cold, damp winds and rains while toiling in the harvest fields now feel the twinges of terrible rheumatism; others, run down by worry, overwork and irregular diet, are afflicted with the pangs of dyspepsia.

To the thousands of run-down, sickly and half dead men and women in farm homes we recommend with all honesty and confidence the worker's friend, Paine's Celery Compound, the only medicine that can quickly and fully restore strength to the weak body and vigor to the muscles. Paine's Celery Compound tones the stomach; it removes poisonous acids from the blood which cause rheumatism; it feeds the weak and diseased nerves and banishes morbid influences; it purifies the blood and gives true vitality and life. The use of Paine's Celery Compound in autumn means the establishment of a perfect physical vigor to withstand the rigors of a severe winter.

DIAMOND DYES, Burlington, Vt.

I plead guilty to the ride, though the ride to the police station was longer. "Persons in your condition who wish to leave town should use some discretion," said Judge Dwyer, severely. The Pullman company cannot afford to carry you free, and it is an imposition on your part to ask them to do so. Freight trains are not so comfortable, but riding them is less objectionable in the sight of the court. I will impose a fine of \$3, the cost of a Pullman berth.

WILL RETURN HOME.

Tethrington Will Start For California With His Mother Today.

Robert W. Tethrington, supposed by the police to have been shot by men concerned in the robbery of the Sierra Nevada Lumber company, will not be held by the authorities. Lack of sufficient evidence is given as the reason, and so Tethrington and his mother, who came here to nurse him, will leave today for the family home in Sacramento. The bullet wound in the young man's head is healing rapidly and there is now no further danger.

His mother is overjoyed at the prospect of leaving Salt Lake and is glad to be able to take her son home with her. She still refuses to believe that he is the notorious "The Bob Kid" that he has ever been convicted of crime.

Tethrington was shown his photograph, taken from the Los Angeles Police gallery, and while admitting that it is his likeness, taken at the time he was arrested while in the company of crooks, absolutely refuses to say anything more. The police have little hope of discovering the identity of the "Bob Kid."

"It Goes Right to the Spot."

When pain or irritation exists on any part of the body, the application of Ballard's Snow Liniment will give prompt relief. "It goes right to the spot," said an old man who was rubbing it in, to cure his rheumatism. C. R. Smith, proprietor Smith house, Tenaha, Tex., writes: "I have used Ballard's Snow Liniment in my family for several years and have found it to be a fine remedy, for all aches and pains, and I recommend it for pains in the throat and chest." 50c and \$1.00 at C. FOOLED HIM.

But in the Pleasant Ways of Peace.

Good thing some men are married. Their wives keep a sensible watch over them, and have a way to help overcome their troubles.

Mr. E. Lewis of Shaniko, Ore., was located for several years at various points in South America, and fell into the native custom of frequently drinking coffee. He says: "I took to using it the same as those nervous, excitable people in South and Central America. They make very black coffee and it became more or less an intoxicating beverage. At the end of about four months I began having severe sick headaches and nervousness, but supposed it was from the tropical sun. The peculiar, pleasant flavor of Postum, my headaches and stomach trouble, and I asked her what it was. She said it was a new brand of coffee and asked me how I liked it. I tried two cups of it with rich 'Lech-de-Cheua,' which is used by every one as milk in Panama, and thought it excellent. After a couple of days my headaches stopped, and in a short while my nervousness disappeared as if by magic. I have been using nothing but Postum for the past year, and have been completely cured, and my wife has also been cured of constipation by changing to Postum, and we shall never go back to coffee again."

ABE MAJORS' CASE UP

But Appeal to the Supreme Court For New Trial Goes Over For the Term.

The October term of the supreme court was opened yesterday, with Justices Baskin and Bartch and District Judge Hart present. There are forty-nine cases to be disposed of at the present term, and it is not likely that it will be terminated until the 4th of next month.

The first case called at yesterday's session was that of the state against James Morgan, alias Abe Majors, charged with the murder of Captain Brown of the Ogden police force and who has already appealed his case several times. The case yesterday was continued for the term upon the agreement of the attorneys.

The case of the state against Peter Mickel et al., who were convicted of stealing horses and sentenced to three years in the penitentiary, was argued and submitted to the court. The crime is said to have occurred on the 23d of February, 1901, and two appeals have been made from the decision of the lower court. The appeal which is now being urged is made on the grounds that one of the jurors before whom the defendant was tried had stated that he knew beforehand that he was guilty and that the man subsequently sat upon the jury. The lower court refused the motion for a new trial, and the motion has been appealed to the supreme court.

The state of Utah against Webb Green and W. D. Candland was also heard by the higher court yesterday. The action was brought by the commonwealth to collect the sum of \$1,000, which was made as surety on the bond of H. E. Morrey, convicted and sentenced on the charge of assault in Sanpete county in January of this year. On the second trial which was granted him he failed to appear and his bond was declared forfeited. The parties in the complaint were his bondsmen, and the suit is for the purpose of collecting that amount. The bondsmen have appealed to the supreme court.

Walter W. Little, C. L. King and Frank Evans were admitted to practice law in the state after having passed the required examinations. Joseph C. Ches of the supreme court of Indiana and John A. Largent of the supreme court of Montana were also admitted to the practice of law in this state.

Court Notes.

Philip H. Fitzmaurice was yesterday appointed guardian of Philip A. Walter, Nellie and Marie Fitzmaurice, minor children, who are the owners of a piece of real estate valued at \$4,000.

The case of J. A. Williamson and others against A. L. Simondi and six other members of Rideley lodge, I. O. O. F., on the charge of embezzling funds from the order, was yesterday submitted without arguments by the attorneys and taken under advisement by the court. The case has been in progress for several days before Judge Booth and will likely be completed during the week.

DOCTORS IN SESSION.

Local Physicians Discuss Care of Contagious Diseases.

The regular meeting of the Salt Lake Medical society was held last night, and aside from the routine business, a committee was appointed to confer with the city council for the purpose of making accommodations for the care of scarlet fever and diphtheria patients who come to the city and are barred from the hospitals. A committee was appointed and will confer with the council at its next meeting. At present, according to the members of the society, there is no place where outside patients can be taken. Numbers of diphtheria and scarlet fever patients reach the city, but according to the rules of the hospitals they are denied entrance. It is the purpose of the committee to secure a place where the transient patients can be taken care of by the city.

The paper of the evening was read by Dr. Kerr, the secretary of the society. It was commented on by several of the physicians present and occupied, with the discussion, the greater part of the evening.

Dr. McCrystal was unanimously elected to membership in the society.
